Att: Operations Dept

Subj: MV Alpha Glory @ Qingdao 28 NOV – 03 DEC 2014

Dear Sirs,

We confirm that we have contacted both physical suppliers in China, Chimbusco and Sinopec, and they confirmed that there was no availability of ULTRA LOW Sulphur Bunkers ie. Sulphur 0.1% Max (new 2015 ECA Compatible Fuel) at the port of Qingdao between the last week of November and the first week of December, therefore we were unable to quote.

With regards,

Stam Kontouzoglou
